Norbert Elias y los problemas actuales de la sociología (Breviarios) (Spanish Edition) Gina Zabudovsky Kuper

Este trabajo ofrece una propuesta original para acercarse a la obra de Norbert Elias, uno de los pensadores clave de la sociología del siglo XX, cuyas ideas no han tenido el merecido impacto en las ciencias sociales contemporáneas. Se trata de aportaciones que continúan vigentes y nos proporcionan pautas para comprender los más diversos fenómenos de la realidad actual, como las relaciones entre globalización e individualización, la importancia de la perspectiva de género, los cambios en las configuraciones de las familias y la centralidad de la categoría de exclusión para el análisis de la estratificación.
