The Future of Higher Education (Framing 21st Century Social Issues) Dan Clawson, Max Page

Higher education is more important than ever, for individual success and for national economic growth. And yet higher education in the United States is in crisis: public funding has been in free fall; tuition has skyrocketed making colleges and universities less accessible; basic structures such as tenure are under assault. *The Future of Higher Education* analyzes the crisis in higher education, describing how a dominant neo-liberal political ideology has significantly changed the U.S. system of higher education. The book examines the contemporary landscape of higher education institutions and asks and answers these questions: Who is able to attend college? Who pays for our system of higher education? Who works at and who governs colleges and universities? The book concludes with a plan for radically revitalizing higher education in the United States.

The goal of this new, unique Series is to offer readable, teachable "thinking frames" on today's social problems and social issues by leading scholars, all in short 60 page or shorter formats, and available for view on <http://routledge.customgateway.com/routledge-social-issues.html>

For instructors teaching a wide range of courses in the social sciences, the Routledge *Social Issues Collection* now offers the best of both worlds: originally written short texts that provide "overviews" to important social issues as well as teachable excerpts from larger works previously published by Routledge and other presses.

From reader reviews:

Kimberly Kiser:

As people who live in the modest era should be change about what going on or details even knowledge to make these keep up with the era that is always change and move forward. Some of you maybe may update themselves by studying books. It is a good choice in your case but the problems coming to anyone is you don't know what one you should start with. This The Future of Higher Education (Framing 21st Century Social Issues) is our recommendation to help you keep up with the world. Why, because book serves what you want and wish in this era.

Vickie Miller:

Nowadays reading books be a little more than want or need but also get a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge even the information inside the book which improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want send more knowledge just go with education and learning books but if you want truly feel happy read one using theme for entertaining for example comic or novel. The The Future of Higher Education (Framing 21st Century Social Issues) is kind of publication which is giving the reader unpredictable experience.

Marjorie Thompson:

Beside that The Future of Higher Education (Framing 21st Century Social Issues) in your phone, it may give you a way to get more close to the new knowledge or facts. The information and the knowledge you can get here is fresh in the oven so don't be worry if you feel like an older people live in narrow small town. It is good thing to have The Future of Higher Education (Framing 21st Century Social Issues) because this book offers to your account readable information. Do you oftentimes have book but you rarely get what it's interesting features of. Oh come on, that will not happen if you have this with your hand. The Enjoyable agreement here cannot be questionable, like treasuring beautiful island. So do you still want to miss the idea? Find this book along with read it from today!

Cynthia Barksdale:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this The Future of Higher Education (Framing 21st Century Social Issues) can make you feel more interested to read.
