When a young boy goes missing in a state park, the people of Neptune volunteer to find him. When the child is discovered, he tells a fanciful story about being taken away by a dragon and then rescued by Boo. His mother says that Boo is just an old teddy bear the boy played with as a child. A happy ending is averted when the searchers discover the body of another young boy.

A suspect is arrested and charged, but Veronica Mars think he's innocent and sets out to prove it. When yet another boy is kidnapped, the police think there may be two people involved in the crimes.

As Veronica gets closer to the truth, she finds herself in a deadly situation where the killer has the upper hand. With time running out, she can only hope that she can outwit the villain responsible for the horrible acts. In the cat and mouse game, Veronica, unfortunately, finds herself to be the mouse.
