Economics for Business: A Guide to Decision Making in a Complex Global Macroeconomy

Ivan K. Cohen

Economics for Business: A Guide to Decision Making in a Complex Global Macroeconomy Ivan K. Cohen

Economics for Business enables the reader to develop a clear understanding of the economic environment in which business takes place. This comprehensive book covers: the process of globalization and its implications for business; the role of the market and supply and demand; the impact of demand on branding and brand loyalty; and pricing strategies under various market structures.

With specific business content integrated throughout and a global perspective on the current world of business, taking into account the financial crisis and its aftermath, Economics for Business is a useful introduction to economics for business students, a streamlined and comprehensive alternative to large undergraduate economics textbooks, and a valuable resource for managers and executives who need to understand the basics of economic concepts to grow their business.
