“There are viruses that are intelligent that can change so fast. You don’t change but they do. They are the host that is going to feed upon what is not going to change and they are going to destroy you. How do you then prepare for a marching army that is silent, quiet, deceptive, and invisible? You have to be beings whose consciousness is so clean that there is no environment for such an army to march upon. That is the only way you are going to survive what is about to happen to the West.” - Ramtha
