The Darkwater Claims All Who Enter It.

All But One.

When one man is brutally murdered and the priest he works for mortally wounded, Willet Dura, reeve to the king of Bunard, is called to investigate. As he begins to question the dying priest, the man pulls Willet close and screams in a foreign tongue. Then he dies without another word.

Willet returns to his task, but the clues to the crime lead to contradictions and questions without answers, and his senses are skewed. People he touches appear to have a subtle shift, as though he can divine their deepest thoughts. In a world divided between haves and have-nots, gifted and common, Willet soon learns he's been passed the rarest gift of all--a gift that's not supposed to exist.

Now Willet must pursue the murderer still on the loose in Bunard even as he's pulled into a dangerous conflict that threatens not only his city, but his entire world--a conflict that will force him to come to terms with his inability to remember how he escaped the Darkwater Forest--and what happened to him inside it.

"Book one in the Darkwater Saga is filled with suspense, intrigue and action. As readers get to know the characters, Carr seamlessly immerses them into his fascinating kingdom. This story sets the stage for a series fantasy fans will love."--*RT Book Reviews*
