Almanacs Jen Hadfield

Almanacs: a mythic scrapbook, bag of cats, a one-man band. Almanacs is concerned with lists, rules and archetypes and what they don't account for. It takes as its subjects the Tarot, the lore of Full Moons, weather myths and travellers' tales. The central sequence 'Lorelei's Lore' is a road movie in poems, set in the north of Scotland: Ultima Thule, hijacked by elusive sirens and Harrier jets. There's the ruthless Lorelei, gorgeous Ghosty who's given up on everything except the Road, and Skerryman, patron saint of bad weather and absence-makes-the-heart-grow-fonder. It's obsessed with yearning, like the two seas separated by the tip of Shetland 'metres apart / and desperate for each other.' Lorelei's Lore wonders 'what's beautiful?' (tarmac? sheep carcasses? sunburn?) and 'where's your native home?' 'A quick mind abroad alone in the ever-changing natural landscape. The language country-rooted, specific, of clear observation: a sophisticated, refreshing country brew. There are many memorable images in the described coquettish dance of nature's primal forces. This is an excellent collection -Jen Had? 'A zestful poet of the road, a beat poet of the upper latitudes, Jen Had?eld conjures poems and prose-poems of great spirit and imaginative daring from the northern landscapes. Lively, youthful and full of the joy of language, Almanacs is the most refreshing debut for ages' -Kathleen Jamie.
