Time Will Tell

Volume 3

Molly had a family and had been in love ... but now she was alone on an isolated ranch with no one but her baby. She'd learned that even people you love can leave.

J.B. drifted onto a ranch and into the life of a woman who needed help. He'd failed himself and others before and wasn't interested in risking anything more.

But was it time to try again?

Time of Her Life

Volume 4

Dr. Antigone "Annie" Armstrong was terminally shy, overly bookish and completely in lust with her gorgeous, charming handyman.

Kevin Turner was good with his hands and able to talk to anyone but, he'd never read a book in his life. There was no way his employer, an English professor, was ever going to take him seriously.

That didn't mean he couldn't try. If nothing else, he planned to show her the time of her life.

From reader reviews:

Teresa Jones:

Book is written, printed, or created for everything. You can realize everything you want by a reserve. Book has a different type. As it is known to us that book is important point to bring us around the world. Close to that you can your reading proficiency was fluently. A publication Time Series 2 will make you to possibly be smarter. You can feel considerably more confidence if you can know about every thing. But some of you think which open or reading the book make you bored. It isn't make you fun. Why they are often thought like that? Have you searching for best book or acceptable book with you?

Thomas Barreto:

In this 21st millennium, people become competitive in most way. By being competitive currently, people have do something to make them survives, being in the middle of the crowded place and notice simply by surrounding. One thing that oftentimes many people have underestimated that for a while is reading. Yeah, by reading a book your ability to survive improve then having chance to stand than other is high. To suit your needs who want to start reading any book, we give you this Time Series 2 book as starter and daily reading e-book. Why, because this book is greater than just a book.

Nelson Berg:

People live in this new time of lifestyle always aim to and must have the free time or they will get lots of stress from both daily life and work. So , once we ask do people have spare time, we will say absolutely without a doubt. People is human not really a robot. Then we ask again, what kind of activity do you have when the spare time coming to an individual of course your answer will probably unlimited right. Then do you ever try this one, reading textbooks. It can be your alternative within spending your spare time, the particular book you have read is definitely Time Series 2.

Debra Capone:

As a pupil exactly feel bored for you to reading. If their teacher expected them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's internal or real their passion. They just do what the professor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that reading through is not important, boring along with can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Time Series 2 can make you feel more interested to read.
