The Politics of Human Rights in Australia Louise Chappell, John Chesterman, Lisa Hill

Australia has traditionally lacked a strong 'rights' culture. While fairness and equality have been proudly exalted as trademarks of the national mindset, the authors of *The Politics of Human Rights in Australia* argue that these same characteristics may equate to a form of cultural complacency. The book offers the first comprehensive account of Australia's protection of human rights from a political science perspective. Addressing the key debates surrounding human rights in Australia, the authors ask: Why are voting rights so critical in the Australian context? Should Australia adopt a bill of rights in an 'age of terror'? What are Australia's responsibilities to global and regional refugee crises? How can reconciliation between indigenous and non-indigenous Australians be facilitated? Written by three respected academics at the forefront of their fields, *The Politics of Human Rights in Australia* offers clarity and insight into the complex issues surrounding the human rights debate in Australia.
