The Lucifer Device Brian Harper

The year is 2995 and terrorists have stolen the most destructive weapon ever devised in the entire galaxy. The Earth Alliance, which had worked on keeping the project secret, must now dispatch its brand new state of the art battle cruiser, known as the Phoenix, to intercept the galaxy's newest and most dangerous threat. With the Science Station Oberon, located in the distant part of the Earth Alliance's Territory, holding the rest of the key data needed to use this weapon, named The Lucifer Device, the race is on to stop a mad woman bent on the destruction of the Earth, and save the lives of billions that call Earth their home. For the Earth Alliance, the success will ensure that the little peace that still exists between star systems will continue. For Commander Wayne B. Sommers and the crew of the Phoenix, they will learn that all things have a price, and even the universe demands that a balance be reached if life is to continue. Both the terrorists of the Attack Cruiser Victory led by the vengeful Melissa Roswell, and the Phoenix must race for control of the ultimate doomsday weapon and the fate of the entire galaxy.
