Cosa significa diventare mamma?

La maternità è un istinto che si impara?

Mamme si nasce o si diventa?

In queste pagine l'autrice racconta la sua esperienza di maternità, spaziando fra i luoghi comuni più noti, le difficoltà e le contraddizioni della nostra modernità, senza tralasciare la gioia e lo stupore legate a questa esperienza. Con ironia, una certa vena critica e qualche ammissione di fondatezza, offre il suo punto di vista. A fronte di molte domande che difficilmente trovano risposte nette ed universali, formula la sua definizione del senso di maternità: i figli offrono mille modi diversi di guardare la stessa vita, basta osservare loro per scoprire mondi di cui non si aveva nemmeno idea.

Essere mamma non significa avere tutte le risposte, ma determina nell'autrice l'occasione di porsi molte domande diverse e riflettere sul mondo e su se stessa. La maternità è una delle più importanti occasioni di crescita personale e di comprensione di sé.

E mentre la mamma diventa grande, i suoi figli crescono.
