The Falklands Conflict Twenty Years On: Lessons for the Future (Sandhurst Conference Series,)

The Falklands Conflict Twenty Years On: Lessons for the Future (Sandhurst Conference Series,)

A fascinating new insight into the Falklands Conflict, covering every aspect of its origins and the political and diplomatic response to the Argentinean action as well as illuminating accounts of the military action to retake the islands, at every level of command.

In June 2002, exactly twenty years after the cessation of hostilities between Britain and Argentina, many of the key participants came together at a major international conference. This conference, held at the Royal Military Academy, Sandhurst and organized jointly by RMA Sandhurst and her sister institution Britannia Royal Naval College, Dartmouth, aimed to re-examine the events of spring 1982 from the perspective that only twenty intervening years can bring. The Conference mixed those who had participated in the events of spring and early summer 1982, diplomats, politicians, civil servants, soldiers, sailors and airmen, with historians, political scientists and journalists. These accounts and interpretations of the conflict shed new light on one of the most interesting and controversial episodes in recent British history.
