Loredana Tranchina

**Pesca bolognese. Il manuale completo (Italian Edition)** Loredana Tranchina  
SECONDA EDIZIONE.

Izaak Walton, vissuto tra il 1593 e il 1683, nello scrivere “Il pescatore perfetto”, la sua opera maggiore, affermò: “si può dire che la pesca con la lenza è come la matematica: non la si può mai imparare completamente”.

Se questa regola fosse vera, ed è vera, ha un valore assoluto soprattutto quando si parla di pesca bolognese: una tecnica dove i numeri, i calcoli, e la ricerca della formula perfetta rappresentano l’aspirazione di ogni pescatore. La pesca bolognese è una tra le tecniche più difficili da attuare, ma anche una tra le più affascinanti, e se ben praticata anche una tra le più prolifiche.

Questo manuale, che spiega nel dettaglio come praticare la pesca bolognese, si rivolge soprattutto a chi intende avvicinarsi a questa disciplina pur non sapendo assolutamente nulla di tecniche di pesca. Affrontando dettagliatamente ogni aspetto necessario alla realizzazione di un sistema pescante, l’obiettivo fondamentale rimarrà comunque quello di comprendere i principi della tecnica per sostenere in seguito, con totale autonomia, una sessione di pesca nel migliore dei modi. Persino coloro che non hanno mai impugnato una canna da pesca, giunti al termine della lettura, avranno le conoscenze per confrontarsi con il mare e per godere del fascino irresistibile che la pesca bolognese è in grado di evocare in tutti i pescatori, ma soprattutto in coloro che interpretano la pesca come un’arte e uno stile di vita.
