Gun Craft: Fine Guns and Gunmakers in the 21st Century Vic Venters

Gun Craft examines today's artisanally made guns, as well as the craftsmen who make them. In it, the author takes the reader into the workshops and factories of the world's best gunmakers, making their sometimes-arcane craft skills accessible and relevant to anyone who shoots, owns or collects fine guns. Each chapter explores a separate topic; each has been chosen, however, to provide readers with a unified insight into the complicated task of making hand-made guns in both Europe and the United States.
