Social Psychology

Alfred R. Lindesmith, Anselm Strauss, Norman K. Denzin

Social Psychology Alfred R. Lindesmith, Anselm Strauss, Norman K. Denzin

The **Eighth Edition** of this classic text provides a basic introduction to the field of social psychology.

Taking a critical symbolic interactionist approach, **Social Psychology** helps students understand the very nature of how individuals do things together in today's society. The book has been significantly revised taking into consideration a number of recent turns in the field, such as: the increased sense that American social psychology is deeply embedded in world culture; that postmodernism has much to offer the study of the social world; and that new theories on sexuality, identity, deviance and the body provide a fascinating viewpoint on a person within society.
