David Lewin

Studies in Music with Text (Oxford Studies in Music Theory) David Lewin

Throughout his career, David Lewin labored to make even the most abstract theory speak to the experience of the ordinary listener. This book combines many of Lewin's classic articles on song and opera with newly drafted chapters on songs of Brahms, Robert Schumann, Clara Schumann, and Milton Babbitt. Bound together by Lewin's cogent insight, the resulting collection constitutes a major statement concerning the methodological problems associated with interpretation of texted music.
