## **CompTIA Linux+ Guide to Linux Certification ('004)** Jason W. Eckert

Equip today's users with the most up-to-date information to pass CompTIA's Linux+ (Powered by LPI) Certification exam successfully and excel when using Linux in the business world with Eckert's LINUX+ GUIDE TO LINUX CERTIFICATION, 4E. This complete guide provides a solid conceptual foundation and mastery of the hands-on skills necessary to work with the Linux operation system in today's network administration environment. The author does an exceptional job of maintaining a focus on quality and providing classroom usability while highlighting valuable real-world experiences. This edition's comprehensive coverage emphasizes updated information on the latest Linux distributions as well as storage technologies commonly used in server environments, such as LVM and ZFS. New, expanded material addresses key job-related networking services, including FTP, NFS, Samba, Apache, DNS, DHCP, NTP, Squid, Postfix, SSH, VNC, Postgresql, and iptables/firewalld. Readers study the latest information on current and emerging security practices and technologies. Hands-On Projects help learners practice new skills using both Fedora™ 20 and Ubuntu Server 14.04 Linux, while review questions and key terms reinforce important concepts. Trust LINUX+ GUIDE TO LINUX CERTIFICATION, 4E for the mastery today's users need for success on the certification exam and throughout their careers.

### **From reader reviews:**

#### **Lester Jaworski:**

Nowadays reading books become more than want or need but also work as a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book in which improve your knowledge and information. The details you get based on what kind of guide you read, if you want get more knowledge just go with knowledge books but if you want feel happy read one with theme for entertaining like comic or novel. Often the CompTIA Linux+ Guide to Linux Certification ('004) is kind of guide which is giving the reader erratic experience.

#### **Rodney Sierra:**

Information is provisions for folks to get better life, information presently can get by anyone with everywhere. The information can be a knowledge or any news even a concern. What people must be consider when those information which is from the former life are difficult to be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you obtain the unstable resource then you buy it as your main information we will see huge disadvantage for you. All of those possibilities will not happen within you if you take CompTIA Linux+ Guide to Linux Certification ('004) as the daily resource information.

#### **April Miller:**

Precisely why? Because this CompTIA Linux+ Guide to Linux Certification ('004) is an unordinary book that the inside of the guide waiting for you to snap that but latter it will zap you with the secret the idea inside. Reading this book alongside it was fantastic author who write the book in such remarkable way makes the content interior easier to understand, entertaining method but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of advantages than the other book get such as help improving your ability and your critical thinking way. So , still want to delay having that book? If I were being you I will go to the book store hurriedly.

#### **Daniel Hanson:**

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some publication, they are complained. Just tiny students that has reading's spirit or real their hobby. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that examining is not important, boring and can't see colorful photos on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this CompTIA Linux+ Guide to Linux Certification ('004) can make you feel more interested to read.
