Depreciation and Capital Maintenance (RLE Accounting) (Routledge Library Editions: Accounting)

Of the nine articles reprinted in this volume originally published in 1984, those by *Ladelle*, *Hotelling* and *Anton* are recognized as being the classic articles on the depreciation of a single 'machine'. Each of these articles was published in a journal that is often not accessible and reprinted here has brought them together in one place. For many years accountants have dealt with depreciation and capital maintenance as a static problem. This volume recognizes its dynamic aspects.
