## **Carnage Code (Executioner)** Don Pendleton

When the CIA intercepts a coded message that reveals the delivery of nuclear materials to Sudan, the U.S. decides to investigate this North African hot spot. Mack Bolan's hard probe exposes a renegade faction deep within the Sudanese government that's planning to nuke its Ethiopian neighbors into oblivion-an event that could lead to global war.

Bolan is greeted in a hail of bullets as he enters Khartoum with a young journalist and an old spy as backup. Going on the offensive, he must smoke out an enemy operating undercover in the country's law enforcement, intelligence and diplomatic agencies. With a lethal shipment of plutonium to track down, the Executioner wastes no time using the kind of hard-core diplomacy that gets the job done.
