The Philosophy of Elizabeth Anscombe

Roger Teichmann

The Philosophy of Elizabeth Anscombe Roger Teichmann

One of the most important philosophers of recent times, Elizabeth Anscombe wrote books and articles on a wide range of topics, including the ground-breaking monograph *Intention*. Her work is original, challenging, often difficult, always insightful; but it has frequently been misunderstood, and its overall significance is still not fully appreciated. This book is the first major study of Anscombe's philosophical oeuvre. In it, Roger Teichmann

presents Anscombe's main ideas, bringing out their interconnections, elaborating and discussing their implications, pointing out objections and difficulties, and aiming to give a unified overview of her philosophy. Many of Anscombe's arguments are relevant to contemporary debates, as Teichmann shows, and on a number of

topics what Anscombe has to say constitutes a powerful alternative to dominant or popular views. Among the writings discussed are *Intention*, 'Practical Inference', 'Modern Moral Philosophy', 'Rules, Rights and Promises', 'On Brute Facts', 'The First Person', 'The Intentionality of Sensation', 'Causality and Determination', *An Introduction to Wittgenstein's Tractatus*, 'The Question of Linguistic Idealism', and a number of other pieces, including some that are little known or

hard to obtain. A complete bibliography of Anscombe's writings is also included. Ranging from the philosophy of action, through ethics, to philosophy of mind, metaphysics, and the philosophy of logic and language, this book is a study of one of the most significant bodies of work in modern philosophy, spanning more

than fifty years, and as pertinent today as ever.
