Meridian (Arclight) Josin L. McQueen

The electrifying sequel to *Arclight*, which Pittacus Lore called "powerful and gripping." Those within the Arc thought that they were the last humans left after the world was destroyed—but they were wrong. There are more survivors. But there is also more to be afraid of. A suspenseful sci-fi thriller to hand to fans of Veronica Roth, Stephen King's *Under the Dome*, and Justin Cronin's *The Passage*.

Marina thought she had solved all of the Arclight's mysteries. But there is so much more that Marina is only discovering now. There are more people out there; those in the Arclight compound aren't the only humans who survived the Fade, the monsters that destroyed civilization. Only Marina—and her friends, all of whom have connections to the Fade they never knew about—can lead everyone to the other survivors. But there are also darker dangers that even the Fade fear. The sequel to *Arclight*, *Meridian* is an intense, action-packed page-turner about the lines we draw between right and wrong, light and dark . . . and how nothing is ever that black and white.
