Building on best practices and lessons learned, *Distributed Leadership in Schools* shows educators how to design and implement distributed leadership to effectively address challenges in their schools. Grounded in case studies and full of practical tools, this book lays out a framework for building strategic, collaborative, and instructionally-focused teams. Supported by voices of practitioners and based upon original research, this comprehensive resource shares concrete strategies, tips, and tools for creating teams that are skilled at using data to plan and monitor their work, and successful in facilitating change to improve student learning. This innovative method will aid leader development and facilitate reflection, and will reshape leadership practice in a way that benefits teachers, leaders, schools, and students.
