Manuel Santolaya Blay

Supuestos prácticos de recaudación tributaria (Spanish Edition) Manuel Santolaya Blay

Obra eminentemente práctica en la que el profesional tributario que no puede dedicar su tiempo a la lectura de manuales escritos por teóricos, va a encontrar respuesta a todas sus dudas relacionadas con el ámbito de la recaudación tributaria. El libro incorpora casos prácticos reales (unos 150 diferentes), de los que acontecen en la práctica diaria, ponderados en función de su importancia efectiva. Se abordan, además, casos conflictivos que no se pueden resolver a través de la literalidad de la norma.
